

Rezolvrizk resolve risk

advisory services / project management / program development / training

Thank you for your interest!

If you have a burning security, ethics, or employee investigation related challenge, task or project, we have the experience and expertise to assist you in addressing and resolving it. Simply contact us for an assessment and see how we can add value to your organization and contribute to your success.

If you are unsure of your needs, we can collaborate and conduct a no cost and no obligation assessment. If it is determined that we can add value, then we will partner closely with you and determine an appropriate pathway.

No matter the need, we offer a broad range of advisory and project management services to fit any organization and any budget

We are currently assisting other clients with;

- Implementing the SHRM Standard for Workplace Violence Prevention and Intervention
- Developing employee investigation, ethics, tip line, and physical security programs
- Developing supporting investigation and security policies, procedures, and business processes
- Preparing for, responding to, and managing security incidents and sensitive employee investigations
- Developing insider threat / employee misconduct detection and investigation initiation processes
- Training of employees in security, safety, and misconduct prevention
- Employee or customer violence in the workplace threat assessments
- Collaborating on sensitive or challenging employee misconduct matters or terminations
- Planning and managing special event or executive security needs
- Security equipment and investigation vendor assessment and selection
- Facility or operational risk assessments / efficiency and effectiveness reviews
- Development of security and investigative job descriptions and organizational objectives / performance metrics
